## PARIS MATCH

Your honeymoon is the perfect excuse to co-ordinate to the hilt! Where better to head than **Paris**, where looking chic is a way of life, plus you get to canoodle up the **Eiffel Tower** and hang out in all those wonderful Left Bank cafés. Our top hotel for l'amour is the chic **Hotel Costes** on rue Saint-Honore (hotelcostes.com).

Be prepared for some serious Parisian attitude and **Belle Époque** style. If fashion is your second love, bag a copy of **Where To Wear Paris** (£9.99, Fairchild & Gallagher).

The company provides personal shoppers in the French capital, see wheretowear.com for details.

If you think a **vintage** Chanel suit would be a wonderful keepsake from your honeymoon then consult Paris-based Tara Monro at Ooh La La Vintage (oohlalavintage.com)
